

# **NOWDEAL TECHNOLOGIES PVT LTD**

**A Passion for Precision**

**Certified ISO 9001:2015 & IATF 16949**

- **Plastic Injection Mold, And Molding Solution**
- **Prototype Molds ,**
- **Mold Repair, Engineering Changes, Mold Maintenance,**
- **Assemblies, Ultrasonic Welding, Hot Stamping, Pad Printing**

# About Us.

## HISTORY

- Plant Location: **Pune**
- No of Employees: **60**
- 2016: Established Operation.
- 2019: Started commercial tooling
- 2022: Started plastic component business.

# Manufacturing Facilities

- Tool Room facility
- Moulding facility
- Inspection Set-up

# Measuring Equipment

- CMM . Coordinate-measuring machine
- Precision part inspection within 3 microns
- Measuring Rang(mm)(X x Y x Z)1000 x 600 x 500

- VMM-Video Measuring Machine
- Precision part inspection within 3 microns

- Measuring Rang(mm)(X x Y x Z)300 x 200 x 200

- Mitutoyo Profile Projector
- Highly Accurate Measurements

- Measuring Rang(mm)(X x Y x Z)300 x 200 x 200

# Injection Moulding Facility

Injection Moulding M/c

Microprocessor controlled closed loop Injection Molding Machines (**Ferromatic Milacron**) with to process engineering plastic materials.

Injection Moulding  
Accessories By

Pre-Heaters

Machines are attached with pre-heaters to eliminate the moisture content for better part quality

De-Humidifier

Dehumidifiers are available to meet the specific standards for processing engineering materials

MTC

Equipped with Mould temperature controllers to maintain mould temperature.

HRTC

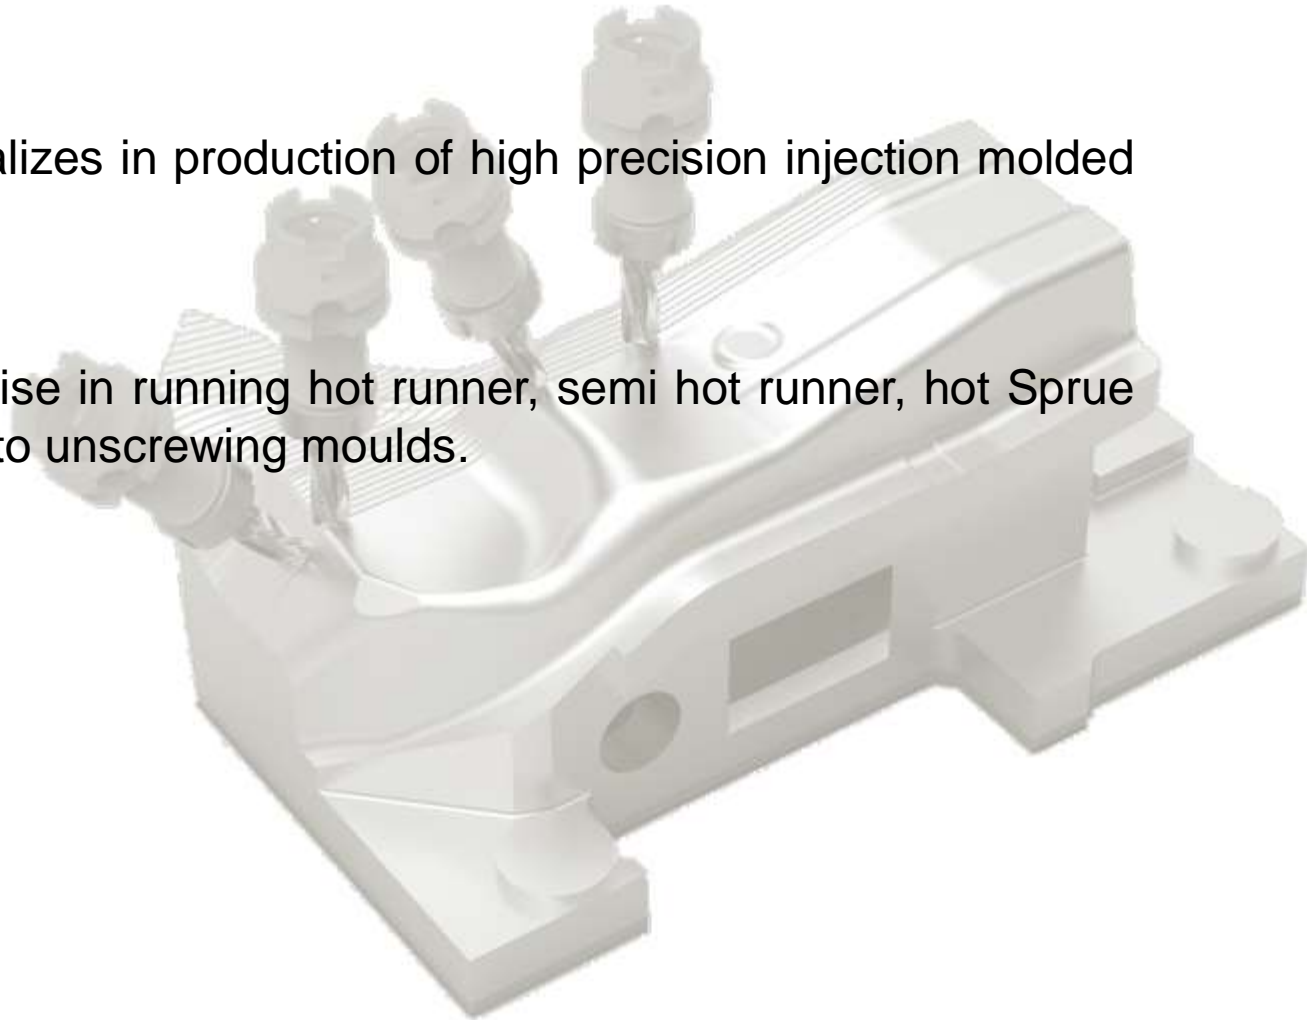

Multipoint hot runner temperature controllers are available to process hot runner moulds

# Moulding Capability

- Specializes in production of high precision injection molded parts.
- Expertise in running hot runner, semi hot runner, hot Sprue and auto unscrewing moulds.

# Design Capability

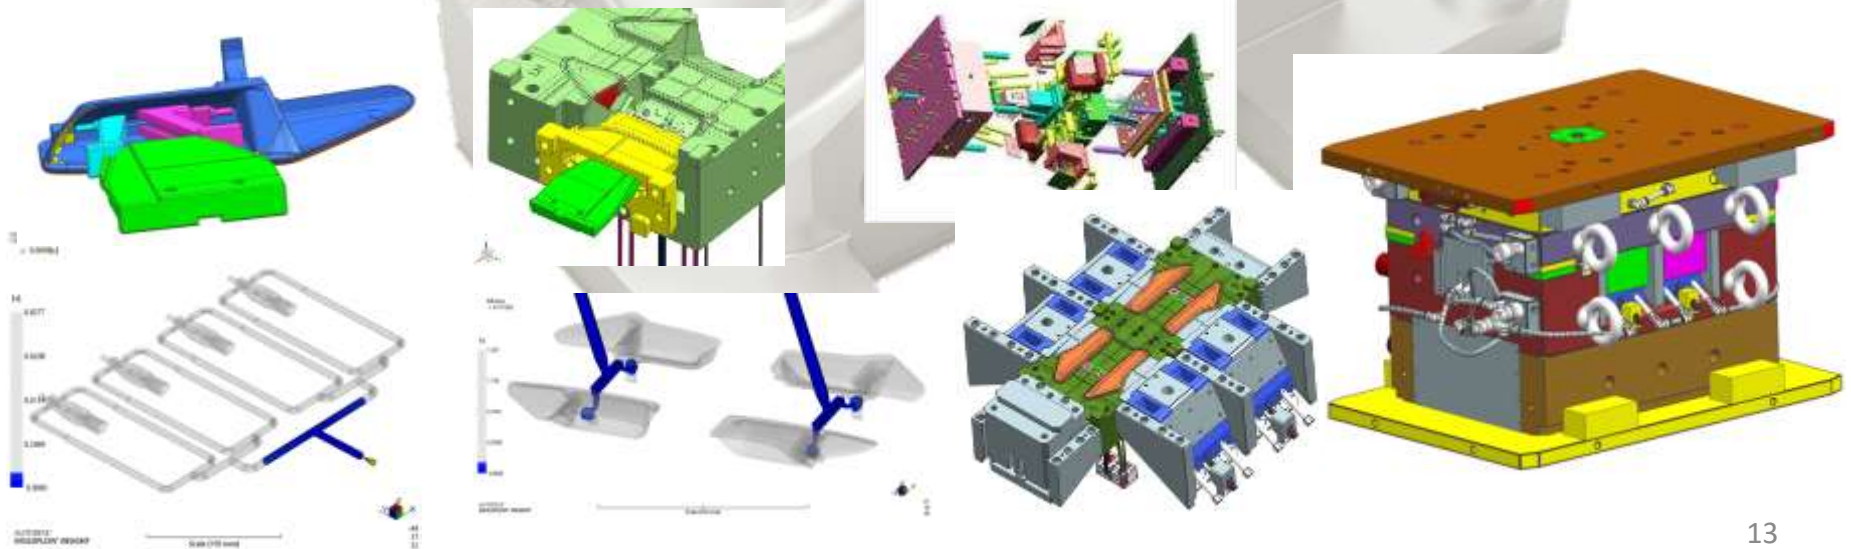

## **CAD/CAM:**

- Solid modeling (3D CAD), 2D Exchange, Assembly, Translator and Mould wizard.

## **Reverse Engineering Auto CAD**

## **Mold Flow**

- Approved sources for mold flow on customer specific requirements.

# FUTURE EXPANSION 2026

15 new Injection molding machine in own plant at Chakan  
(already bought 30000 sq ft land @ Chakan)
